

PRESS RELEASE

French participation at
ACHEMASIA 2010

French chemical and process industries demonstrate their diversity at ACHEMASIA 2010 - Beijing -

19 major French companies covering a wide spectrum of the chemical industry will be present at the 8th International Exhibition-Congress on Chemical Engineering and Biotechnology scheduled from 1st – 4th of April 2010 at the China National Convention Center in Beijing where visitors will witness the latest technologies, products, services and trends in process engineering.

In France, the companies involved in the chemical equipment and services supply industry cover all the fields of the industry: process, technology, engineering but also pharmaceutical chemistry, biotechnology, analysis, etc.

The capacity to provide new solutions and innovative technologies remains the main factor of development and dynamism of the French industry; and a major asset for competitiveness.

Besides large companies such as ARKEMA, RHODIA, TOTAL PETROCHEMICALS, AIR LIQUIDE etc., the sector includes many dynamic subcontractors and manufacturers such as the 19 companies exhibiting on the French pavilion : AIRMOTEC-CHROMATOTEC, TAMI INDUSTRIES, CORDOUAN TECHNOLOGIES, CFIE CHEMICAL & FERTILIZER INDUSTRY ENGINEERING, BSI, TETHYS INSTRUMENTS, DANFOSS SOCLA, REGULATEURS GEORGIN, RPA PROCESS TECHNOLOGIES, CLESTRA CLEANROOM, BAMO MESURES, PROSIM PROCESS SIMULATION, BOCCARD, MECA-INOX, SODIMATE, NEOTEK PONSEL, MIXEL, INEVO TECHNOLOGIES and DESCOTE which devote a large part of their income to R&D in order to stay in the forefront of technological progress and adapt their services and equipment to meet the ever more demanding challenges of the industry.

The French participation is organized by UBIFRANCE, The French Agency for International Business Development with the support of GIFIC, The French Association of Suppliers to the Chemical Industry.
